**Is Sickness in your SWOT?**

It should be.

Claims against employers for work-related stress are increasing. Back problems and RSI cause around 10 million days absence annually. If you've got 40 staff, each absent for an average of six days, you're effectively employing someone purely to cover for sickness.

The good news is that if you plan for a healthier workforce, you'll get one.

Find out how to start with Right Way Training's Action Plan, free from [www.fitforwork.co.uk](http://www.fitforwork.co.uk). And if the idea of increasing productivity; becoming an employer of choice, and staying on the right side of the law isn't enough of an incentive, download the Plan before January 2<sup>nd</sup> and you could **win £250 worth of on-site massage.**
