Le Petit Prince Bilingual School of Paris

Le Petit Prince Bilingual School of Paris provides a fully bilingual English-French education in a warm and caring environment for children from 3 – 6 years old. (3 – 11 from 2010)

A Special Place, where Children Really do Come First

At Le Petit Prince Bilingual School of Paris, we will treasure and value your child, making sure that they are happy, safe and secure. Your child will thrive, learn, and develop confidence and self-esteem, all within a nurturing environment underpinned by sound academic principles.

We'll build on your child's natural enthusiasm to learn, taking them to the next step and beyond. Your child will be encouraged to ask questions, to imagine, and to discover the world around them.

A Fully Bilingual School

Children of both mother tongues are mixed together throughout the school day, spending the morning immersed in one language and culture and the afternoon immersed in the other. Your child will become comfortable with different cultural approaches - a key advantage in our increasingly global society.

By the end of their time at Le Petit Prince Bilingual School of Paris, your child will have a solid foundation for proficiency in both French and English and be confident to continue their education in a French, British or international school setting.

A School where Fun is Based on Firm Foundations

You can be confident that your child is following a bi-lingual school curriculum that takes in both the English and French national curriculum frameworks and the research-based practices of total immersion – but your child won't know or care about any of that. They'll just be having fun.
