Frequently Asked Questions about our Wedding Planning Service

I don't know where to start. How can you help?

Relax. Unlike many other wedding planners, we don't just offer a list of products and services to choose from. Our wedding planning packages include all the advice and guidance you'll need. If you've got firm ideas of what you want, that's great, but if you don't, it's not a problem. We've organised all sorts of weddings for all sorts of people, and we'll take you step by step through all the arrangements to produce a day that's tailor-made for you.

Do you make decisions for me?

The big decisions are yours. Our job is to find products and services that we think you'll love, based on the discussions we've had about your vision for the day. You then choose from the ideas we put before you. We'll book them and tie all the details together. We never forget it's your day, not ours, and we're there to make it happen in the way you want.

How many wedding planners will I deal with?

You will have your own personal wedding planner taking you through the pre-wedding arrangements, backed up by our small team. She'll get to know you and your wishes well, and will ensure that everything happens just how you want it to. On the day, she'll be accompanied by a colleague, so that you have the reassurance of knowing there are two people watching out for every detail.

Can you find a venue?

Absolutely. The North-West has a fantastic range of wedding venues, and we know the best of every type. Just tell us your dream, and we'll find you a venue to match.

Can you organise weddings abroad?

Yes. We have excellent travel contacts and can handle all the details for you.

How do you make sure nothing is forgotten?

We prepare a structured checklist, and go through it with you in good time. We then double-check with all suppliers just before the day.

How often can I talk to you?

We're available on the phone or by e-mail at any time.

How do you manage the wedding etiquette when members of the family won't talk to each other?

These days, it's OK to do things differently. We'll make arrangements in whatever way will keep people happiest.

What exactly does the service include and how much does it cost?

See the descriptions for our [Complete Wedding Planning and Co-ordination](#)¹ and [Partnership Wedding Planning](#)² services.
